

MOHAMMAD ZIBRRAIL MANSURI

Electrical Maintenance Technician | Motor Rewinding Specialist

+91 8209293781 | mohammadzibrail@gmail.com | Amet, Rajsamand, Rajasthan, India | DOB: 25 May 1993

PROFESSIONAL SUMMARY

Results-driven Electrical Maintenance Technician and Motor Rewinding Specialist with **12+ years** of hands-on experience in **motor rewinding, industrial electrical systems, preventive maintenance, and equipment troubleshooting**. Proven expertise in **rewinding, repairing, and testing AC motors (1 HP–200 HP), Star-Delta starter panel wiring, contactor panel installation, and pump maintenance**. Skilled in **fault diagnosis, breakdown maintenance, and safety-compliant electrical wiring**, with a strong record of **minimizing equipment downtime** and ensuring reliable plant operations. Seeking to leverage proven technical skills in a challenging **Electrical Maintenance / Motor Rewinding Technician** role.

CORE SKILLS

Electrical Skills: Motor Rewinding (1–200 HP), Motor Coil Winding, Star-Delta Starter Panel Wiring, Contactor Panel Installation, Industrial & Control Panel Wiring, Electrical Circuit Wiring

Maintenance Skills: Preventive Maintenance, Breakdown Maintenance, Equipment Maintenance, Water Pump Installation & Maintenance, Motor Repair & Overhaul, Insulation & Continuity Testing

Troubleshooting & Safety: Electrical Fault Diagnosis, Root-Cause Troubleshooting, Safe Work Practices, Electrical Safety Compliance, Equipment Safety Checks

Tools & Equipment: Multimeter, Megger (Insulation Tester), Winding Machine, Hand & Power Tools, Soldering Equipment

Soft Skills: Teamwork, Quick Learner, Problem-Solving, Reliability, Time Management, Hardworking

PROFESSIONAL HIGHLIGHTS

- **12+ years** of consistent, hands-on experience in motor rewinding and electrical maintenance across workshop, retail, and government sectors
- Successfully rewound and repaired motors ranging from **1 HP to 200 HP**, restoring equipment to full operating condition
- Reduced unplanned equipment downtime through proactive **preventive maintenance** and early fault detection
- Trusted by a government water department to independently manage **pump maintenance and electrical fault diagnosis** for public water supply
- Adapted quickly across motor rewinding, general electrical, and pump maintenance roles — demonstrating versatility and fast learning

WORK EXPERIENCE

Motor Rewinding Technician – *Mira Datar Motor Rewinding, Amet, Rajasthan* **2010 – Present**

- Rewind and repair AC motors (1–200 HP), including coil winding and insulation testing, restoring full operating condition
- Diagnose electrical and mechanical faults and install/maintain Star-Delta starter panels and contactors for safe motor operation

Electrical Technician – *Maa Chamunda Electronics, Chatri, Amet* **2022 – 2023**

- Performed electrical repair, motor installation, and wiring work in compliance with safety standards
- Carried out routine equipment maintenance to improve reliability and reduce breakdowns

Pump Maintenance Technician – *Jal Thai Vibhag (Water Box Department), Amet, Rajsamand* **2023 – 2024**

- Operated and maintained water pumps for the public water supply system, ensuring continuous availability
- Diagnosed and resolved electrical faults quickly to prevent supply interruptions

EDUCATION

8th Standard (Middle School) – Uch Madhyamik Vidhyalaya, Vidhyaniketan, Rajasthan | **Percentage: 75%**
